

# It's time for school!

\_\_\_\_\_ 's Social Story

Summer was a lot of fun! I spent time with my friends and family.

Now it's time for school to start. I might be nervous and excited, and that is okay.

In the mornings, I will get myself dressed, eat breakfast, and brush my teeth before we leave for school.

At school, I will see friends and meet new friends and teachers.

There might be new or different rules to follow at school. If I am not sure about the rules, I can ask my teacher.

I will try my best to use my words and take turns with my friends. If I need a break, I can ask my teacher.

It's good to go back to school because I will get to learn new things and meet new people!
