

The purpose of Committee Meeting # 2 is to:

- Share information, data, and ideas on possible attendance boundary options in advance of engaging the public; and,
- Provide Committee Members the opportunity to ask questions and offer feedback.

Preliminary Ideas for Consideration

1. Boundary Adjustment

 Consultant believes there is potential to adjust the following areas (please refer to PDF of study areas by school attendance boundary):

Focus Schools	Identified Challenge	Relief School(s)	Study Area(s) to Move
		Our Lady of Providence	Area 7Area 8
St. Leo	Overcapacity without use of 6 portables on site	St. Patrick	Area 9Area 10

Preliminary Ideas for Consideration

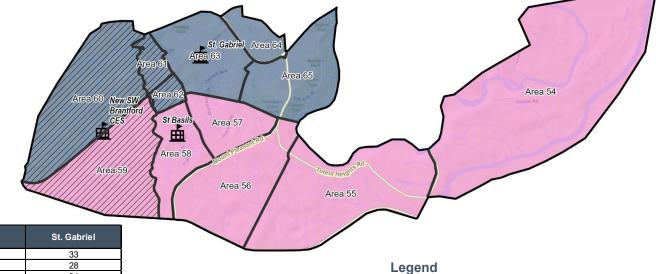

2. Program Relocation

- Consider relocating the French Immersion program entirely to one school and establishing a single-track French Immersion school.
- 3. Grade Configuration
 - Consider sending Grade 7s and 8s from overutilized schools to nearby secondary schools with potential space.

Key Questions

- Which areas should make up the New SW Brantford School boundary?
- Which areas does the committee feel are suitable/not suitable to move?
- Are there community connections to certain areas that may allow for a more appropriate boundary change?
- Should the FI program remain status quo?
 - If changes must be made to FI, do you think it is reasonable to move the program out of one of the
 Brantford dual-track schools (Madonna Della Libera and St. Leo) and consolidate it at another school to
 create a single-track FI school? (Some legislative considerations can be limiting factor here)
- Should grade configurations (JK-8 and 9-12) remain status quo?
 - If grade configurations are changed, do you think it is reasonable to send grade 7s and 8s to secondary schools?

Future Discussions: Implementation Decisions

School Space Audits/Temporary spaces/Transportation

• Conduct school space audits to identify potential temporary holding spaces in under-utilized schools. Ensure that these spaces are adequately prepared to receive students during transition periods or boundary adjustments. Get details on impacts to transportation/bussing times.

Staffing requirements/needs

• Evaluate staffing adjustments needed to accommodate boundary changes and program shifts, including reallocating teaching and support staff, ensuring adequate administrative support, and hiring specialized teachers for expanded programs (e.g., French Immersion).

• Transition Plan

Next Steps

- Committee members to complete short survey regarding the second committee meeting and perspectives on the preliminary ideas for consideration (online)
- Committee members can submit questions or comments to <u>brantfordreview@bhncdsb.ca</u>
- Next Committee meeting: October 20, 2025
- Public meeting: December 1, 2025
- Prepare and present final options to Trustees for approval in Spring 2026
