Progressive Discipline and Safety
#200.09**

Adopted:	January 26, 2016
Last Reviewed/Revised:	September 2024
Responsibility:	Superintendent of Education
Next Scheduled Review:	September 2028

POLICY STATEMENT:

Subsection 301(1) of Part XIII of the Education Act states that “the Minister may establish a Code of Conduct governing the behaviour of all persons in schools.” Policy/Program Memorandum No. 128 *The Provincial Code of Conduct and School Board Codes of Conduct* sets the expectations and requirements for all Ontario School Boards and provides direction on the authority and responsibility of boards to develop, implement, enforce, review, and assess codes of conduct for their school communities.

The Provincial, Board, and School Codes of Conduct apply to the entire school community. This means that, within the publicly funded school system Subsection 301(2) of Part XIII of the Education Act sets out the purposes of the Provincial Code of Conduct, as follows:

1. To ensure that all members of the school community, especially people in positions of authority, are treated with respect and dignity.
2. To promote responsible citizenship by encouraging appropriate participation in the civic life of the school community.
3. To maintain an environment where conflict and difference can be addressed in a manner characterized by respect and civility.
4. To encourage the use of non-violent means to resolve conflict.
5. To promote the safety of people in the schools.
6. To discourage the use of alcohol, illegal drugs and, except by a medical cannabis user, cannabis.
7. To prevent bullying in schools.

The Brant Haldimand Norfolk Catholic District School Board (‘the Board’) Catholic Code of Conduct is shaped by the Provincial Code of Conduct and communicates the Board’s belief that all schools should be safe, inclusive, accepting, and respectful environments for all students, staff, parents, and visitors. As a Board, we all work together to promote positive attitudes and behaviour towards each other that respect the *Standards of Acceptable Behaviour*. The Catholic Code of Conduct is expressed in Administrative Procedure 200.09, which is incorporated into this Policy 200.09: Catholic Code of Conduct: Positive Student Behaviour, Progressive Discipline and *Safety* by reference and forms an integral part thereof.

The Board Catholic Code of Conduct supports positive school climates that enhance the well-being and achievement of all students in the district and respects the human rights of all. All people are created equal, in the image of God, each with unique characteristics deserving of dignity (Genesis: 1:27). In accordance with the Church’s teachings, our schools provide, in all its operations, an educational environment which supports and celebrates the strength of diversity within our inclusive Catholic community.

The Board believes that a safe, inclusive, and accepting environment is accomplished when all community members:

- live the Gospel values of Jesus including love, humility, reconciliation, hospitality, justice, peace, honesty, and integrity;
- act with respect, civility, and responsible citizenship;
- respect the rights and dignity of all;
- respect others’ rights to work and learn in a safe and accepting environment;

- respect adults who are in a position of authority;
- show proper care for school property and the property of others; and
- resolve conflict and/or harm in a peaceful, non-violent manner.

APPLICATION AND SCOPE

The Catholic Code of Conduct sets out the standard expectations of all members of all school communities. The *Standards of Acceptable Behaviour* within the Board's Catholic Code of Conduct apply to all individuals involved in the Board including students, parents, volunteers, teachers and other staff members, and visitors whether on school property, on school buses, at school or Board related events or activities, or in other circumstances (e.g., online interactions), that could have an impact on the school, school board climate, and relationships. To ensure school safety, this policy will provide direction for Superintendents, Principals/Vice-Principals and staff regarding Board and school progressive discipline responses to concerning student behaviour.

The Board is committed to the implementation of the Catholic Code of Conduct to provide and sustain a safe, caring, inclusive, and healthy Catholic school community in which every student can succeed. The Catholic Code of Conduct is founded in the principles of progressive and restorative approaches to conflict resolution.

All school community members are expected to assist each other in achieving the highest possible standard of behaviour. Such behaviour includes living according to Gospel values, and fostering a Catholic culture of respect, inclusion, equity, responsibility, and concern for the well-being of all.

In the case of more serious breaches of district-wide and school expectations, this Policy identifies a range of responses for the imposition of progressive discipline, which may involve third parties, such as police, child protection agencies, and/or other outside agencies. Progressive discipline may include actions up to and including suspension and/or expulsion of students from a school or the Brant Haldimand Norfolk Catholic District School Board and in the case of any individual, an official notice of trespass, enforceable by police. In all cases, a degree of latitude has been provided to allow school administrators to ascertain that an incident has occurred, to determine the nature of the incident, and to exercise supportive interventions and/or consequences.

It is crucial that schools create a balanced approach to the use of personal mobile devices, ensuring that the educational environment remains focused and respectful for all students and staff.
- 8.2 All community members can be affected by the use of social media and can be impacted by the role it plays in the spread of misinformation, the coarsening of civil discourse, the radicalization of political systems, and the mental health crisis that is especially prevalent among our youth.

Student Use of Personal Mobile Devices

Students in Grade 9 to 12

- 8.7** Grade 9 to 12 students' personal mobile devices must be stored out of view and powered off (or set to silent mode) during all instructional time as determined by the educator. Mobile devices may be used before and after school hours, and during designated times such as lunch breaks, unless otherwise specified by school administration. Mobile devices must not be used in specific spaces designated by the principal (e.g. bathrooms, offices, chapel).

- 8.9** Where an educator notices a personal mobile device that is not stored out of view or not on silent, in the classroom, the staff member must require the device be handed in for the instructional period and the device must be placed, by the student, in the designated storage area in the classroom and progressive discipline will apply.
- 8.10** Where a staff member notices a personal mobile device being used inappropriately outside of the classroom, and/or in a restricted area progressive discipline will apply.
- 8.11** Where the student refuses to hand in their personal mobile device when required, they must be sent to the principal's office. Principals will consider a range of progressive discipline responses to address the student's behaviour.

For clarity, full instructional day means the time between the first bell to signal the start of the school day and the final bell to signal the end of the school day.
- 8.13** Where a staff member notices a personal mobile device that is not stored out of view or not on silent, they must be directed to the office where the student will be required to hand in the device for the instructional day and the device must be placed, by the student, in a storage area in a location designated by the principal. Subsequent infractions will be subject to progressive discipline.
- 8.14** Students are responsible for their personal mobile device, how they use it and the consequences of not following the Board's policy on student personal mobile device use.
- 8.15** Where the student refuses to hand in their personal mobile device when required, they must be sent to the principal's office. Principals will consider a range of progressive discipline responses to address the student's behaviour.

Access to Social Media on Board Networks and Devices

“The Christian commitment to truth implies not only that we pursue what is real, but also that we look at the vastness of reality from a wealth of angles. The danger of “fake news” on social media exists alongside the danger of echo chambers in which we read only from a narrow set of sources and engage with a narrow set of like-minded voices that reconfirm what we already believe rather than broadening our understanding of reality.”

- 8.16** Pope Francis reminds us that we must be true to one another online. Considering the way that social media conversations, even among Christians, can too often unfold, he notes, “A fulsome commitment to truth always implies a concern for the Personhood of the other.”
- 8.17** Pope Francis also notes that, “Social media platforms benefit financially from keeping people online as long as possible; these platforms have learned that one way of doing so is to continue to feed us information and perspectives that we already agree with”.
- 8.18** Time spent online not only negatively impacts deepening relations with close family and friends, but also cuts into the time we spend in prayer, exercise, civic activity, nature, sleep, and the other goods of life. Over a decade ago, Benedict XVI noted that “If the desire for virtual connectedness becomes obsessive, it may in fact function to isolate individuals from real social interaction while also disrupting the patterns of rest, silence and reflection that are necessary for healthy human development.”
- 8.19** All social media platforms are restricted on all Board/school networks and devices. Social media platforms can only be used by students at school for educational purposes, directed by an educator. BYOD and guest networks also comply with the requirements of PPM 128, including restrictions on social media.
- 8.20** Social media in this context is generally defined as interactive technologies including websites, platforms and applications that facilitate and enable users to create, share, and interact with content, and to connect and communicate with other users or publicly. Examples of social media platforms and apps include Snapchat, Instagram, TikTok, Facebook, X (formerly Twitter), Discord, and similar services that facilitate social interaction and content creation and sharing.
- 8.21** With technology constantly evolving and the differences in definition for social media across the industry and amongst providers of network and security technologies, the Board will continually manage the “restriction list”. The Board’s restriction list primarily considers the platforms and apps that are impacting student participation the most, and of greatest concern as it pertains to student well-being.
- 8.22** In general, blogs are different from social media and are not included in the restrictions. However, the Board will monitor the status of all platforms on its school networks and devices and make appropriate and informed decisions on restrictions.
- 8.23** The Board understands that some social media platforms may be used by staff in a targeted way for specific learning, pedagogy, and operational purposes.
- 8.24** Specific social media platforms remain an important communication tool for schools and the Board to communicate timely information to parents, guardians, and the public.
- 8.25** Board and school staff using apps and technology are to be trained on privacy, cyber security, and online safety best practices as well as any related school or board policies (e.g., Acceptable use of IT Policy).
- 8.26** Where an exemption to the restriction exists, the educator would oversee the use of the platform in the classroom/school, providing the necessary oversight, guidance, and direction for how the platform would be used for educational purposes.
- 8.27** Users of personally owned devices shall make no attempts to circumvent the board/school’s network security and/or filtering policies. This includes setting up proxies and downloading programs to bypass security. Students in contravention of the Catholic Code of Conduct in this regard will be subject to discipline.

Elementary and Secondary Provincial Report Cards

8.28 Beginning in the 2024-25 school year, Elementary and Secondary Provincial Report Cards will include information regarding classroom distractions. Consistent with all progress reporting, comments are supportive of students' ongoing development of learning skills and work habits as outlined in Growing Success (2010) and assessment, evaluation and reporting practices and procedures are fair, transparent, and equitable for all students.

8.28.1 Elementary: Where applicable, information on how classroom distractions, including those related to the use of personal mobile devices, are impacting a student's progress will be captured within the section of the report card reserved for comments on learning skills and work habits.

8.28.2 Secondary: Where applicable, information on how classroom distractions, including those related to the use of personal mobile devices are impacting a student's progress, will be captured within the comment box reserved for course comments.

9.0 ENFORCEMENT RELATING TO ALCOHOL, TOBACCO, ELECTRONIC CIGARETTES, RECREATIONAL CANNABIS AND RELATED PRODUCTS AND ILLEGAL DRUGS

- 9.1** The Smoke-Free Ontario Act, 2017 prohibits smoking (tobacco and cannabis) and the use of electronic cigarettes (vaping) at schools, on school grounds, and all public areas within 20 metres of these grounds. Anyone smoking or vaping on school property is guilty of an offence and if convicted may result in a fine under the Smoke-Free Ontario Act, 2017.
- 9.2** The Smoke-Free Ontario Act, 2017 also prohibits the sale and supply of tobacco or e-cigarettes to anyone under 19 years of age. Anyone who sells or supplies tobacco or an e-cigarette to a student under 19 years of age is guilty of an offence and if convicted may result in a fine under the Smoke-Free Ontario Act, 2017.
- 9.3** The Board will adhere to its obligation under Board Policy and the Provincial and Local Police/School Board Protocols in providing the required notification to a School Public Health Nurse (PHN), Tobacco Enforcement Officers and/or to local Police Services.
- 9.4** In accordance with the Smoke-Free Ontario Act, 2017, Board Policy 400.25 Smoke and Vape Free Environment declares all prohibitions and establishes policy and procedures for maintaining a smoke-free, tobacco free and cannabis-free learning, playing, and working environment for students, employees, visitors, and those who use Board facilities.
- 9.5** Smoking and/or holding lit tobacco, cannabis, tobacco-like, cannabis-like (alternative) products, consuming or using any other tobacco, cannabis, tobacco-like, cannabis-like (alternative) product, e-cigarette, or related product, is strictly prohibited on all Board properties, during educational excursions, in Board vehicles or in personal vehicles parked on Board property.
- 9.6** Failure of students, employees, visitors, and those who use BHN facilities to comply with the requirements of the Smoke-Free Ontario Act, 2017, may result in legal action (i.e., being charged and/or fined). For infractions beyond the scope of the Smoke-Free Ontario Act, 2017, the Catholic Code of Conduct will apply.
- 9.7** Electronic products such as electronic cigarettes, cigars, and pipes, as well as cartridges of nicotine solutions and related products, are prohibited in a school or on any and all BHN CDSB properties or during school or Board sanctioned activities or events. If vaping materials/paraphernalia are confiscated, they will not be returned to any students under the age of 19.
- 9.8** In the case of these substances and related products being found in the possession of students, parents **must** be notified, and the student **must** surrender the item(s) to the educator or administrator and will be subject to progressive discipline. In some cases, students involved in these incidents will receive support to learn from inappropriate behaviours and make choices that support continuing their learning.
- 9.9** Exposure of students to media that depicts smoking or the use of tobacco, cannabis, tobacco-like or cannabis-like (alternative) products is also prohibited with the exception of media that includes smoking, tobacco or cannabis imagery as a necessary component of historical depictions and/or media that depicts the dangers of smoking, exposure to secondhand smoke or cannabis.

- 9.10** In accordance with the Smoke Free Ontario Act, exceptions are made for the traditional use of tobacco. Therefore, if an Indigenous person makes a request to use tobacco for traditional Indigenous cultural or spiritual purposes, every effort will be made to accommodate the individual in an appropriately designated space.

10.0 PROGRESSIVE DISCIPLINE

- 10.1** In order to promote positive student behaviours that contribute to safe learning environments, the Board supports the use of positive practices for prevention and behaviour management.
- 10.2** Progressive Discipline is a whole-school approach that utilizes a continuum of interventions, supports, and consequences to address inappropriate student behaviour and to build upon strategies that promote positive behaviours. Everything we do in the Board, is founded in our Faith and a conscious effort to model the Beatitudes while responding as a caring Catholic community.
- 10.3** This approach includes a range of proactive strategies.
- 10.4** At the school level, progressive discipline includes positive classroom management strategies, bullying prevention and intervention supports, and school-wide programs that teach pro-social skills, provide support for all students, promote virtue formation, and foster Catholic values.
- 10.5** Progressive discipline is based on a belief that there are numerous strategies for learning. This belief is rooted in Jesus' model of discipleship and His code of "beatitude living" that guides the practice of progressive discipline in BHNCDSB school communities.
- 10.6** The interventions, supports, and consequences used are framed within a restorative approach and are cognitively, developmentally, and socio-emotionally appropriate. These interventions, supports, and consequences include learning opportunities for reinforcing positive behaviour while helping students make better choices and fully understanding the impact of their decision on others.
- 10.7** Progressive discipline applies corrective, supportive interventions and consequences to address inappropriate behaviour. When addressing inappropriate behaviour, school staff should consider the particular student and the circumstances, including mitigating and other factors. Suspensions and expulsions may be considered.

11.0 PROGRESSIVE DISCIPLINE STRATEGIES

- 11.1** Progressive Discipline exists at all times for all students.
- 11.2** The application of progressive discipline ensures consistency in process while affording a differentiated response to suit the individual and circumstance of the incident. The appropriate response to challenging behaviours may take the form of an intervention, a support, a consequence, or all three.
- 11.3** In some circumstances, positive practices and progressive discipline might not be effective or sufficient in addressing inappropriate student behaviour. In such circumstances, the Board supports the use of progressive discipline consequences up to and including suspension, or expulsion from all schools of the Board (as per the Education Act sections 306 and 310 and reflective of Ontario Regulation 440/20 regarding the Suspension of Elementary School Pupils).
- 11.4** For students with special education and/or disability related needs, interventions, supports and consequences will be consistent with the expectations in the students' individual education plan (IEP) and /or his/her demonstrated abilities.
- 11.5** Some examples of consequences consistent with progressive discipline (not including suspension or expulsion) include:
- verbal/non-verbal messages from teacher or adult in authority
 - review of expectations
 - contact with the student's parent(s)/guardian(s)
 - written work assignments with a learning component;
 - assigning the student to volunteer services to the community
 - conflict mediation and resolution
 - peer mentoring
 - referral to counseling
 - consultation meeting(s) with the student's parent(s)/guardian(s), the student and the

Principal/Vice Principal

- referral of student to a community agency for support
- detentions
- withdrawal of privileges
- temporary withdrawal from class
- restitution for damages; and/or
- restorative practices, circles, and dialogues
- re-location within the classroom or learning environment
- reflective conversations with student, to help student develop alternative behaviours
- collaboration with other school personnel (school SERT, support agencies)
- peer mediation
- support from local Police

12.0 ENFORCING THE CATHOLIC CODE OF CONDUCT

- 12.1** The Board is committed to a responsive, progressive, and restorative approach to conflict resolution, discipline, and inappropriate student attitudes and behaviours. This approach reflects our belief that we are all created in the image and likeness of God and that everything we do is guided by our Gospel values.
- 12.2** When a challenging behaviour occurs, the principal ensures due process and equitable and just treatment for all involved in the incident. This treatment is predicated on the understanding that equitable and just processes consider mitigating and other factors as required by the Education Act.
- 12.3** Before applying any progressive discipline consequence, including suspension and/or expulsion, the Principal/Vice-Principal shall consider whether or not the progressive discipline consequence might have a disproportionate impact on a student protected by the Human Rights Code, including but not limited to race and disability, and/or exacerbate the student's disadvantaged position in society, and whether or not accommodation to the point of undue hardship is required. (Where the Principal deems that a student's continuing presence in the school creates an unacceptable risk to the safety of others in the school, then a progressive discipline approach may not be appropriate).
- 12.4** Before deciding whether to impose a suspension, or some other form of discipline, a Principal or Vice-Principal will make every effort to consult with the student, where appropriate, and the student's parent(s)/guardian(s) (if the student is not an adult) to identify whether any mitigating and/or other factors set out in section 15.0 below might apply in the circumstance.
- 12.5** When enforcing the Catholic Code of Conduct at the classroom, school, and board level, staff will undertake a broadly collaborative process in determining the most appropriate response to address a challenging behaviour. This process involves consultation with parents/guardians. However, the final decision rests with the principal and/or designate.
- 12.6** Using collaborative and reflective practice when determining the response to inappropriate behaviour ensures that:
- schools promote the safety of all and emphasize the importance of promoting positive change for students who struggle with challenging behaviours;
 - schools support the classroom teacher or other staff in addressing minor or moderate incidents through progressive discipline; and,
 - the principal leads a consultative decision-making process for serious or severe incidents.

13.0 DEFINING THE INCIDENT UNDER THE EDUCATION ACT

- 13.1** When a serious student incident is reported, the principal will consider what type of intervention and/or progressive discipline is warranted, if any, to help ensure a positive school climate.
- 13.2** When a principal contemplates progressive discipline including possible suspension and/or expulsion, the principal will start by defining the infraction under the Education Act. The table below lists infractions according to whether they fall under Section 306 or 310 of the Education Act.
- 13.3** Section 306 of the Education Act mandates when the principal **SHALL CONSIDER** issuing a suspension.

- 13.4** Section 310 of the Education Act mandates when the principal **SHALL ISSUE** a 20-day suspension pending investigation into expulsion. All final decisions shall be made in consultation with the Superintendent (or designate).

13.5 Education Act, Section 306: Suspensions (Students in Grade 4-12 only)

- 13.5.1 A principal shall consider whether to suspend a student if they believe that the student has engaged in any of the activities listed in section 306 while at school, at a school-related activity, or in other circumstances (including off school property) where engaging in the activity may have a negative impact on the school climate.
- 13.5.2 A student in Grade 4 -12 may be suspended only once for an infraction, in any one incident, and may be suspended for a minimum of one (1) school day and a maximum of twenty (20) school days.
- 13.5.3 As per Ontario Regulation 440/20, a "...pupil in junior kindergarten, kindergarten or grade 1, 2 or 3 shall not be suspended under section 306 of the Act for engaging in an activity described in subsection 306 (1) of the Act."
- 13.5.4 Although Ontario Regulation 440/20, states that a pupil in junior kindergarten, kindergarten, or grade 1, 2 or 3 shall not be suspended under section 306 of the Act, the offence must still be reported to the principal and the principal must determine and put in place appropriate alternatives to discipline.

13.6 Education Act, Section 310: Suspension, Investigation, Possible Expulsion (Students in Grades 4-12 only)

- 13.6.1 Subject to Ontario Regulation 440/20, and as detailed below, a principal shall suspend and may consider recommending an expulsion of a pupil if they believe that the pupil has engaged in any of the activities listed in Section 310 while at school, at a school-related activity, or in other circumstances (including off school property) where engaging in the activity will have a negative impact on the school climate.
- 13.6.2 For infractions listed in Section 310 of the Education Act, if the principal believes that the student committed one of the infractions, the student shall be automatically suspended for 20 days pending expulsion and the school investigation commences.
- 13.6.3 In circumstances involving police, the principal may be required to halt their investigation pending approval by the police to resume.
- 13.6.4 There are five possible outcomes following the completion of the school investigation. All final decisions shall be made in consultation with the appropriate Superintendent.
 1. The principal determines that the student is NOT responsible for the infraction. The student would return to school and the principal would withdraw the Suspension Pending Expulsion and expunge the student record of Suspension Pending Expulsion, even if the suspension has been served. A determination letter reflecting this outcome is issued.
 2. The principal determines that the infraction did occur, but there are mitigating factors relevant to the circumstances which lead to the principal's decision to

shorten the suspension to between 1 and 19 days, even if the suspension has already been served. A determination letter reflecting this outcome is issued.

3. The principal determines that the infraction did occur, and the student receives a confirmed suspension of 20 days. However, there are mitigating factors relevant to the circumstances which lead to the principal's decision not to recommend the student for expulsion. A determination letter reflecting this outcome is issued.
4. The principal determines that the infraction did occur, and the principal is recommending expulsion from the student's current school only. A determination letter reflecting this outcome is issued.
5. The principal determines that the infraction did occur, and the principal is recommending expulsion from all BHNCDSB schools. A determination letter reflecting this outcome is issued.

13.7 Education Act, Section 310: Suspension, Investigation, And Possible Expulsion (Students in JK-Grade 3)

- 13.7.1 Section 310 of the Education Act mandates when the principal shall issue a 20-day suspension pending expulsion.
- 13.7.2 Subject to Ontario Regulation 440/20, and as detailed below, a principal shall suspend and may consider recommending an expulsion of a student if they believe that the student has engaged in any of the activities listed in Section 310 while at school, at a school-related activity, or in other circumstances (including off school property) where engaging in the activity will have a negative impact on the school climate.
- 13.7.3 As per Ontario Regulation 440/20, a student in junior kindergarten, kindergarten, or grade 1, 2 or 3 shall not be suspended under section 310 of the Act for engaging in an activity described in subsection 310 (1) of the Act unless the principal has conducted an investigation respecting the allegations. This regulation means that prior to issuing a suspension pending possible expulsion under Section 310 for this age group, the principal must first conduct an initial investigation to determine if a Section 310 suspension is warranted.
- 13.7.4 Once the principal has determined a Section 310 offence has been committed, the student is suspended for 20 Days pending possible expulsion. In such cases, the principal shall further investigate to determine if there are mitigating or other factors to be considered in determining the length and type of discipline as required by the Education Act.
- 13.7.5 If the principal determines a Section 310 offence has been committed, the student is then suspended pending possible expulsion. In such cases, the principal shall continue with the steps as noted below (i.e., further investigation to determine if there are mitigating or other factors to be considered in determining the length and type of discipline as required by the Education Act; principal chooses 1 of 5 possible discipline outcomes).

14.0 SUSPENSIONS AND EXPULSIONS FOR BULLYING

14.1 Suspension of Students in Junior Kindergarten to Grade 3

- 14.1.1 As Per Ontario Regulation 440/20, discretionary (306) suspensions for students in junior kindergarten to grade 3 have been eliminated. Incidents of bullying involving students from junior kindergarten to grade 3 should be addressed with the appropriate positive behaviour supports in the school setting.
- 14.1.2 However, principals must suspend students in junior kindergarten to grade 3 for incidents of bullying if:
 - their continuing presence in the school creates an unacceptable risk to the safety of another person;

- the bullying is motivated by bias, prejudice, or hate based on race, national or ethnic origin, language, colour, religion, sex, age, mental or physical disability, sexual orientation, gender identity, gender expression or any other similar factor (for example, socio- economic status, appearance).
- 14.1.3 The principal may only suspend a student in junior kindergarten to grade 3 under section 310 of the Education Act for engaging in bullying if they have conducted an investigation respecting the allegations.

14.2 Suspension of Students in Grades 4 to 12

- 14.2.1 Under the Education Act, principals must suspend a student between grades 4 to 12 for bullying and, after an investigation, consider referring that student for expulsion if:
- the student has previously been suspended for bullying; and the student's continuing presence in the school creates an unacceptable risk to the safety of another person;
 - the bullying is motivated by bias, prejudice, or hate based on race, national or ethnic origin, language, colour, religion, sex, age, mental or physical disability, sexual orientation, gender identity, gender expression, or any other similar factor.

15.0 THE THREE FACTOR ANALYSIS

- 15.1** Before determining the discipline, if any, the principal is required by the *Education Act and Ontario Regulation 472/07*, to consider any mitigating and other factors and whether the discipline will have a disproportionate impact on a student's rights under the protected grounds of the *Ontario Human Rights Code* and/or exacerbate any disadvantage the student may experience in society.
- 15.2** Where a principal does not suspend a student, a record of the incident believed to have occurred shall be properly documented and retained. If the student poses an unacceptable risk to the safety of themselves and/or to others in the school, the principal shall consult with their superintendent regarding appropriate accommodations and/or strategies that might be instituted to ensure safety and well-being of students, staff, and others in the school.
- 15.3** Once the offense has been defined under either Section 306 or 310 of the *Education Act*, three factors are used when considering the most appropriate response to address inappropriate behavior.
- Factor 1:** Consider the individual student and the circumstances including mitigating and other factors as outlined in the Education Act.

a. Mitigating Factors:

1. The pupil does not have the ability to control their behaviour.
2. The pupil does not have the ability to understand the foreseeable consequences of their behaviour.
3. The pupil's continuing presence in the school does not create an unacceptable risk to the safety of any person.

If a student does not have the ability to control their behaviour or does not understand the foreseeable consequences of their behaviour, the principal will not suspend the student. Alternative discipline and/or other interventions may be considered by the principal in such circumstances.

b. Other Factors: the following additional factors shall be considered:

1. the pupil's history
2. whether a progressive discipline approach has been used with the pupil;
3. whether the activity for which the pupil may be or is being suspended or expelled was related to any harassment of the pupil because of their race, ethnic origin, religion, disability, gender identity, gender expression, or sexual orientation, or to any other harassment;
4. how the suspension or expulsion would affect the pupil's ongoing education;

5. the age of the pupil;
6. in the case of a pupil with a disability and/or for whom an IEP has been developed:
 - whether the behaviour was a manifestation of a disability which may or may not be identified in the pupil's IEP
 - whether appropriate individualized accommodation has been provided;
 - whether the suspension or expulsion is likely to result in an aggravation or worsening of the pupil's behaviour or conduct.

Factor 2: the nature and severity of the behaviour.

Factor 3: the impact of the behaviour on the school climate (i.e., the relationships within the school community).

16.0 PROGRAMMING FOR SUSPENDED OR EXPELLED STUDENTS

- 16.1** It is the policy of the Board that programs that address discipline and safety be made available to support the ongoing education of students who have been suspended for six consecutive days or longer or who have been expelled.

17.0 RESPONDING AND REPORTING

Responding

- 17.1** Provided there is no immediate risk of physical harm to any individual, all staff members shall respond to any inappropriate student behaviour and/or behaviour that impacts negatively on school climate or for which a suspension and/or referral for expulsion may be warranted. This includes behaviour at any time at school and at any school-related event.
- 17.2** Appropriate action must consistently be taken by school staff to address behaviours that are contrary to Provincial, Board and School Codes of Conduct, which includes, but is not limited to, harassment and discrimination, bullying, swearing, malicious gossip, name-calling, sexist, homophobic or racial slurs, comments, jokes or teasing and defamatory or discriminatory electronic communication and postings, graffiti, vandalism and other behaviour that might cause a negative school climate.
- 17.3** Responses shall be timely, supportive, and sensitive, and made in an effort to stop and correct the behaviour in a manner that is developmentally appropriate and takes into consideration any special and/or disability related needs that the student might exhibit or about which the employee might be aware. Responses may include one or more of:
- asking the student to stop the behaviour;
 - identifying the behaviour as inappropriate and disrespectful;
 - explaining the impact of the behaviour on others and the school climate;
 - modelling appropriate communication;
 - asking the student for a correction of their behaviour by restating or rephrasing their comments;
 - asking the student to apologize for his/her behaviour or how he/she can correct/restore the situation (e.g., 'make it right');
 - asking the student to promise not to repeat their behaviour;
 - asking the student what they will do instead of repeating the behaviour;
 - asking the student to explain why and how a different choice with respect to their behaviour would have been more appropriate and respectful; and
 - where applicable, identifying the application of the Human Rights Code.
- 17.4** Unless the behaviour is such that it must be considered for suspension or expulsion, an appropriate response by staff is sufficient, and it is not required that these incidents be reported to the principal.

Reporting

- 17.5** An employee of the Board that becomes aware that a student at a school of the board may have engaged in a serious student incident shall report the matter to the principal as soon as reasonably possible and no later than the end of the school day. Any incident that could warrant suspension or referral to expulsion must be reported to the principal or designate.
- 17.6** The purpose of reporting serious student incidents is to ensure that the principal is aware of any activities taking place in the school for which suspension or expulsion must be considered and to help ensure a positive school climate.
- 17.7** All employee reports of serious student incidents must be confirmed in writing, using the Online Reporting Tool - Safe Schools Incident Reporting Form – Part I (Form I). The employee who made the report will receive a response via the Safe Schools Incident Reporting Form – Part II (Form 2). The principal must not disclose more personal information than is reasonably necessary for the purpose of communicating the results of the investigation.
- 17.8** Principals are responsible for maintaining proper order and discipline in schools. Students are responsible to the principal for their conduct and are required to accept such discipline as would be exercised by a reasonable, kind, firm, and judicious parent.
- 17.9** A response by the staff to the incident shall not prevent or preclude the Principal or Vice-Principal from imposing appropriate progressive discipline, up to and including a recommendation for expulsion from all schools.

18.0 VIOLENCE THREAT RISK ASSESSMENT PROTOCOL

- 18.1** Under certain conditions, students may need to undergo a Violence Threat Risk Assessment (VTRA) when their behaviours or other information confidently suggest they may be at risk of harming themselves or others.
- 18.2** Threat assessment is the process of determining if a threat-maker (someone who utters, writes, emails, and/or gestures a threat to harm a target or targets) does indeed pose a risk to the target or targets they have threatened.
- 18.3** All threat-making behaviours must be reported to administration. Administration, in consultation with the school team, will discern whether to activate the VTRA protocol.
- 18.4** During the VTRA process, information is obtained from multiple sources to develop an intervention plan to reduce the risk of violence.
- 18.5** The BHNCD SB VTRA Protocol is led by the school principals with the direct support of the school Social Worker.

19.0 SCHOOL TRANSFERS RELATED TO SCHOOL SAFETY

- 19.1** In the case where a student is being transferred to another school in order to preserve school safety the receiving school is required to coordinate a “transfer meeting” between the school from which the student is being transferred and the receiving school.
- 19.2** The purpose of the meeting is to put in place a transition strategy to identify any additional supports and resources the student may require.
- 19.3** The transfer meeting will include the school administrator, teachers and other support staff that will have regular direct contact with the student that is being moved, the student and the student’s parent(s)/guardian(s).
- 19.4** The meeting must occur prior to the student being transferred or on the day the student is being transferred and must occur before the student attends class.

- 19.5** The receiving school must be in possession of the student's Ontario Student Record prior to the transfer meeting and will be used as part of the transfer meeting.
- 19.6** All participants in the transfer process will treat all information included within the transfer process as confidential.

20.0 RESPONSIBILITIES

20.1 *The Board of Trustees and Senior Administration will:*

- provide leadership to all members of the school community to ensure equitable opportunity to a safe, caring, inclusive, and healthy learning and work environment by developing policies that set out how Board facilities will implement and enforce the Catholic Code of Conduct and all other rules that promote and support respect, civility, Catholic service, responsible citizenship, safety, and the conditions necessary for an optimal learning and work environment for all;
- develop, implement, and monitor the Catholic Code of Conduct;

BRANT HALDIMAND NORFOLK CATHOLIC DISTRICT SCHOOL BOARD BULLYING PREVENTION AND INTERVENTION PLAN

The *Education Act* requires school boards to develop a Bullying Prevention and Intervention Plan and to require all its schools to implement the plan. This Board's Bullying Prevention and Intervention Plan is created with a view to promote a district-wide and school-wide approach to ensuring a safe, inclusive and accepting school environment free of bullying, harassment, discrimination, and other inappropriate behaviours. The Board's Bullying Prevention and Intervention Plan is based upon the Ministry of Education's Model Bullying Prevention and Intervention Plan (the "Model Plan")¹ released January 29, 2013, and the requirements set out in this document have been taken directly from the Model Plan and P/PM 144 Bullying Prevention and Intervention (November 25, 2021).

POLICY STATEMENT

The Brant Haldimand Norfolk Catholic District School Board (the "Board") believes that all schools should be safe, inclusive, accepting, and respectful environments for all students, staff, parents, and visitors. As a district, we will work together to promote positive attitudes and behaviour towards each other that respect the accepted *Standards of Acceptable Behaviour*.

The Board recognizes that all people are created equal, in the image of God, each with unique characteristics deserving of dignity (Genesis: 1:27). In accordance with the Church's teachings, our schools provide, in all its operations, an educational environment which supports and celebrates the strength of diversity within our inclusive Catholic community.

School communities are well positioned to educate students on bullying prevention, promote healthy relationships, notice troubling changes in behaviour, respond to all forms of bullying, address instances of bullying, and connect with students. The Board understands:

- bullying adversely affects a student's well-being and ability to learn;
- bullying adversely affects the school climate, including healthy relationships; and,
- bullying, including cyber-bullying, is a serious issue and is not acceptable in the school environment (including virtual), in a school-related activity, or in any other circumstances that will have an impact on the school climate.

POLICY AND PROCEDURES: Engaging Parents and Families

The Board recognizes that a whole school approach and a strong policy and legislative framework are important for bringing widespread change. The Board also recognizes that the goals of policy initiatives must address the areas of challenge identified in *School Climate Surveys* and other relevant data.

The Board will continue to actively communicate its policies, procedures, and guidelines to the community (including involving the school community in the review and/or development of policies, procedures and guidelines relating to bullying, discrimination, and harassment) through the following.

- Social media platforms.
- Board website.
- Regional Catholic Parent Involvement Committee.
- Signage and posters.

All those in our community (students, staff, parents, and community members) are expected to:

- demonstrate respect and model pro-social behaviours;
- raise awareness of bullying behaviour and its effects;
- resolve bullying issues in a timely and appropriate manner; and
- be party to progressive discipline and restorative practices.

The Board will ensure schools make available helpful school processes for students and families such as:

- How students and/or parents can report bullying and other unsafe behaviours;
- Procedures to address incidents of discrimination;
- Information on the school's progressive discipline approach and Code of Conduct.
- Current prevention and intervention plans and strategies;
- How parents can access more information about bullying prevention and intervention; and,
- The steps taken following a report made by a parent.

DEFINITION OF BULLYING

For the purposes of Board policies related to bullying prevention and intervention, the BHNCDSD uses the definition of bullying given in subsection 1(1) of the Education Act. The definition of bullying includes cyber-bullying, as such, all requirements identified under the *Education Act* and under this policy/program memorandum related to bullying also apply to cyber-bullying.

Bullying: aggressive and typically repeated behaviour by a pupil where the behaviour is intended by the pupil to have the effect of, or the pupil ought to know that the behaviour would be likely to have the effect of:

- causing harm, fear, or distress to another individual, including physical, psychological, social, or academic harm, harm to the individual's reputation or harm to the individual's property; or
- creating a negative environment at a school for another individual; or
- the behaviour occurs in a context where there is a real or perceived power imbalance between the pupil and the individual based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender identity, gender expression, race, disability, or the receipt of special education.

For the purposes of the definition of "bullying" above, behaviour includes the use of any physical, verbal, electronic, written, or other means.

For the purposes of the definition of "bullying" above, cyber-bullying includes bullying by electronic means (commonly known as cyber-bullying), including:

- creating a web page or a blog in which the creator assumes the identity of another person;
- impersonating another person as the author of content or messages posted on the internet; and
- communicating material electronically to more than one individual or posting material on a website that may be accessed by one or more individuals.

Bullying is behaviour that can be repeated or occur one time and can be carried out by an individual or group of individuals. Bullying can occur in situations where there are real or perceived power imbalances between individuals or groups, and may be a symptom of racism, classism, homophobia, sexism, religious

discrimination, ethnic discrimination or other forms of bias and discrimination. Bullying can also be based on, but not limited to, body size, appearance, abilities, or other real or perceived factors. Perceptions about differences are often based on stereotypes perpetuated in broader society.

Bullying, including cyber-bullying, may be intentional or unintentional, direct, or indirect. It can take many forms including physical (for example, pushing, tripping), verbal (for example, name calling, insults, threats, sexist/racist/transphobic comments), social, also known as relational (for example, spreading rumours, intentionally excluding others, humiliating others with public gestures) and causing harm to one's property.

Bullying has the potential to:

- negatively affect students' learning, attendance, safety/sense of safety, sense of self-worth and overall mental health and well-being
- create a negative environment at school or school-related activities for an individual, group, or the whole school

Proactive intervention coupled with coaching and support can help all students develop the skills and understanding needed to build and maintain positive relationships.

Bullying impedes the development of a positive school climate. A whole-school approach involving all education and community members is required to prevent bullying.

TYPES OF BULLYING BEHAVIOUR

Types of Bullying Behaviour may include, but are not limited to the following:

Ability: Repeatedly excluding a person or persons or treating them badly because of an ability or need for special education; repeatedly making comments or jokes to hurt a person or persons with a disability.

Cyber: The repeated use of email, cell phones, text, internet, and web sites to threaten, harass, embarrass, socially exclude, or damage reputations or friendships. Increasing the use of digital platforms enhances the threat of cyber-bullying as well as other safety risks.

Examples of cyber-bullying may include:

- sending or sharing hateful, insulting, offensive, and/or intimidating electronic communication or images via text messages, emails, direct messages;
- revealing information considered to be personal, private, and sensitive without consent;
- making and/or engaging, and/or participating in fake accounts on social networking sites to impersonate, humiliate and/or exclude others; and,
- excluding or disrupting access to a student on purpose from online chat groups, access to accounts and during digital gaming sessions;

Homophobic: The repeated ill treatment of another individual based on his/her sexual orientation or perceived sexual orientation, including disclosure of someone else's sexual orientation. Ill treatment may include gossiping, physical or verbal aggression, physical or mental violence, obscene or sexualized gestures, or cyber harassment.

Physical: Repeated hitting, kicking, shoving, or beating up another person.

Property: Repeated stealing or damaging another person's property.

Racial: Repeated aggression directed to a person or persons because of their religious beliefs or background; repeatedly saying negative things about a religious background or belief; repeatedly calling a person names or making fun of his/her religious beliefs or background.

Sexual: Repeatedly leaving a person or persons out or treating them badly because of their gender; repeatedly making crude comments about a person or persons' sexual behaviour; repeatedly making sexist comments or jokes, touching, or grabbing someone in a sexual way; repeatedly spreading sexual rumours about a person or persons; repeatedly calling a person or persons gay, fag, lesbian, or other inappropriate names.

Social: Repeated rolling of the eyes, excluding others from the group, gossiping, spreading rumours, making another person or persons look foolish, and damaging another person's friendships.

Verbal: Repeated name-calling, mocking, humiliating, teasing, threatening, racist comments, and sexual harassment.

Bullying, including cyber-bullying, may intersect with other forms of sexual exploitation including, but not limited to, sextortion and the non-consensual sharing of intimate images. Traffickers and other sexual predators are increasingly using fake accounts to pose as acquaintances or friends of children and youth to lure, groom and recruit them into engaging in sexual acts or services. Children and youth who experience bullying are at increased risk for being sex trafficked.

NOTIFYING PARENTS

Following a serious incident, the principal will notify parents of the involved students, except in certain circumstances, and will invite the parents to discuss supports for their child.

DEVELOPMENT BULLYING PREVENTION AND INTERVENTION PLAN

In developing Bullying Prevention and Intervention Plan, the District Safe and Accepting Schools Team will ensure the plan is consistent with the requirements of:

EVALUATION OF EVIDENCE

The Board recognizes that effective anti-bullying strategies must be evidence-based. Bullying interventions, strategies, practices, and programs are based on evidence from the school climate surveys, demographic data collection and other relevant information. The school will take the following steps to assess anti-bullying initiatives and strategies.

1. Evaluate the evidence to determine the main areas of concern, and identify issues in the physical environment, determine current procedures, and assess the strategies in place based on results of the school climate surveys and other relevant information.
2. Identify children and youth involved in bullying (including the bully, the person being bullied, and those who may have witnessed or been affected by the bullying). School will consider using a risk assessment approach in some cases.
3. Review and update the school’s strategies as a result of gathering new information.

PRE-EVALUATION STRATEGY

A. The Board’s main issues of concern raised by students, staff and parents in the school climate surveys and based on other relevant information are the following:

- District wide the respondents of the School Climate Survey reported the top two concerns pertaining to bullying as **verbal bullying** at 9.9% (Elementary 11.7 and Secondary 10%)

and **social bullying** at 8.4% district wide (7.9% Elementary and 6.6% Secondary), The frequency of these incidents has been “many times” per week.

² *Supra* note 1, pgs. 2-3.

- The district wide results indicate that 15.4% of students reported being victimized by one or more types of bullying (18.5% in Elementary panel and 11.8% in the Secondary panel).
- The school climate survey revealed that students typically turn to family members (59.2%) and friends (56.3%) if they are feeling sad, stressed, or worried.
- 38% gave a low rating to the quality of relationships children have with adults they interact with at school. Friendship Intimacy was rated high for students' district wide, with a rating of 74.6%.
- In rating the overall tone of school environment; includes way teachers and students interact and treat each other 36.2% rated this as high. 44.6% rated the degree to which children feel connected and valued at school as high.
- Within the well-being index, made up of scores on optimism, self-esteem, happiness, absence of sadness, general health 50.3% of the students provided a low rating in this area, however self-esteem results indicate a high rating at 61.6%.

B. After reviewing the data and consulting with the school community

Although incidents of bullying are not seen to be a high percentage for students in the district, an area of concern is the frequency of bullying matched with the indication that students being victimized may experience more than one type of bullying.

Students do not indicate that they use relationships with adults at the school as frequently as alternative relationships; they are more likely to talk to family members and friends, therefore incorporating these members of our community in our intervention and prevention planning will be key.

44.6% of connection at school would be a key area to support strategies for greater connections for students. The student well-being index is low, and this will be another area to give attention to support strategies for increasing students' optimism, self-esteem, happiness, absence of sadness and general health.

C. The school's current processes for reporting, response, support and following up on issues are as follows:

Administrators are well versed in progressive discipline and promoting positive behaviours in our schools. Schools will ensure parents/caregivers will have an understanding of progressive discipline and have direct access to information about these measures through our Board and school communications. The following information is available on the Board website:

- How students and/or parents can report bullying and other unsafe behaviours.
- Procedures to address incidents of discrimination.
- Information on the school's progressive discipline approach and Code of Conduct.
- Current prevention and intervention plans and strategies.
- How parents can access more information about bullying prevention and intervention.
- The steps will be taken following a report made by a parent.

The Board has recently implemented an anonymous reporting tool (Speak Up), this is one of the aspects to consider people who may be worried about repercussions associated with reporting incidents of bullying or any areas that may threaten the wellbeing of students.

D. Based on a review of the climate surveys results and other relevant information, the following areas have shown success/ improvement:

E. Based on the school climate surveys and other relevant information, areas requiring improvement are as follows:

- *Wellbeing Index (20.5%)*
 - feeling of optimism (41.9%)
 - prosocial behaviour (45.6%)
 - general health (31.3%).
- Help Seeking - seeking the support of adults at school (19.4% rated this as high)
- School Climate- overall tone and interaction, as well as treatment of one another (36.2% rate this as high)

Based on the above, the Board proposes the following action plan to address the areas of concern:

Engaging Parents/Caregivers and Families: We believe schools and families working together keep students safe. By encouraging a collective responsibility to end bullying in schools' students are better able to reach their full potential. School's will engage families by sharing information via social media and other notifications to ensure parents and families are engaged.

Prevention and Awareness Raising: School communities will engage in daily prayers, reflections and other activities during Bullying Awareness and Prevention Week each school year. Bullying awareness and prevention strategies and resources will be available to all schools throughout the school year. These resources include teaching guides to support students in positive relationship development, highlighting equity and inclusive education in daily classroom instruction and school activities. On a bi-annual basis the School Climate Survey is offered to students, this survey provides definitions and information to support student learning in the areas of bullying behaviours and victimization.

Professional Development Opportunities for Staff: The Board is committed to supporting schools in the implementation of required Ontario curriculum-linked culturally responsive and relevant pedagogy training strategies on bullying prevention and intervention to provide administrators, teachers, and other school staff the resources and support they need to disrupt and dismantle systemic barriers and to address all forms of bullying. Through the Student Support Services personnel, the Board makes a variety of resources available to all staff who have significant contact with students and provide ongoing support to students and staff in the schools.

POST-EVALUATION STRATEGY

The Board will reassess the results of subsequent school climate surveys to verify the efficacy of the anti-bullying initiatives implemented. The “post-evaluation phase gathers evidence to test the efficacy of the prevention, responses, interventions or supports provided in order for changes to be made, where necessary.”³ Upon re-evaluation, the Board will update the information in this Template to reflect the effectiveness of its anti-bullying initiatives.

PREVENTION

The Board recognizes that fostering a positive learning environment will help to reduce possible bullying, harassment, and discrimination incidents. The Board committed to taking steps to strengthen prevention measures.⁴ Based on its evidence-based analysis, the Safe and Accepting Schools Team has identified the

following district-wide practices and initiatives for bullying prevention (as divided by categories set out in the Model Plan). All BHNCD SB schools will:

- include teaching strategies that support the school-wide bullying prevention policies and specifically assist in developing skills for healthy relationships and highlighting equity and inclusive education principles in daily classroom instruction and school activities;
- will make opportunities available for students and staff to learn to recognize the various forms of bullying (such as, racial bullying, or bullying based on religion) and understand the actions that can be taken by those witnessing the behaviour; and,
- provide opportunities for students and staff to participate in equity and inclusive education, bullying prevention, and leadership initiatives within their own school.

Bullying prevention and intervention programs and activities that are evidence-informed and that address the needs identified by the Board or the School⁵ will include at least the following.

1. Available resources for schools to assist in continued learning about the various types of bullying.
2. Coordination with the Provincial campaign on Bullying Awareness and Prevention Week.
3. Recognition and public awareness campaigns in November of each year.

³ *Supra* note 1, p. 3.

6. On a bi-annual basis, the School Climate Survey is offered to students. This survey provides definitions and information to support student learning in the areas of bullying behaviours and victimization.

Awareness raising strategies for students:

- School communities will engage in daily prayers, reflections and other activities during Bullying Awareness and Prevention Week each school year. Bullying awareness and prevention prayers, liturgies, strategies, and resources will be available to all schools throughout the school year.
- In alignment with the Mental Health strategic planning there will be a continuation of social emotional learning, empathy practices and self-regulation skills.
- Awareness raising strategies to engage community partners and parents in early and ongoing dialogue⁷.
- BHNCDSB will communicate the policies and guidelines on bullying prevention and intervention to principals, teachers, and other school staff, students, parents, their Special Education Advisory Committee, their Indigenous Education Council, school councils and school bus operators and drivers, RCMP, Catholic Equity Leads to ensure the roles and responsibilities are clearly articulated and understood.

Bullying policies and procedures will be posted on:

- Board website;
- social media platforms;

SUSPENSIONS AND EXPULSIONS FOR BULLYING

Suspension of Elementary School Pupils Junior Kindergarten to Grade 3

A regulation came into effect in 2020 to eliminate discretionary suspensions for students in junior kindergarten to grade 3. Incidents of bullying involving students from junior kindergarten to grade 3 should be addressed with the appropriate positive behaviour supports in the school setting. However, Principals must suspend students in junior kindergarten to grade 3 for incidents of bullying if:

- their continuing presence in the school creates an unacceptable risk to the safety of another person; or,
- the bullying is motivated by bias, prejudice, or hate based on race, national or ethnic origin, language, colour, religion, sex, age, mental or physical disability, sexual orientation, gender identity, gender expression or any other similar factor (for example, socio- economic status, appearance).

The principal may only suspend a student in junior kindergarten to grade 3 under section 310 of the Education Act for engaging in bullying if they have conducted an investigation respecting the allegations.

Suspension of School Pupils Grades 4 to 12

Under the Education Act, principals must suspend a student between grades 4 to 12 for bullying and, after an investigation, consider referring that student for expulsion if:

- the student has previously been suspended for bullying; and the student's continuing presence in the school creates an unacceptable risk to the safety of another person; or
- the bullying is motivated by bias, prejudice, or hate based on race, national or ethnic origin, language, colour, religion, sex, age, mental or physical disability, sexual orientation, gender identity, gender expression, or any other similar factor.
