Phil Kuckyt, Manager of Transportation, provided a transportation services overview. In addition, newly implemented processes for transportation were highlighted such as assigned seating, use of masks on school vehicles, opening windows for ventilation and disinfecting protocols for frequently touched surfaces.

Trustee Casey inquired as to how kindergarten aged students would self-screen. Director McDonald advised the parents would assist in the self-assessment as it is a requirement that parents are present when getting on the school bus. The Ministry will also be providing guidelines on how to self-screen.

Trustee Casey inquired as to the hours and rates of bus drivers. Mr. Kuckyt advised that additional time will be added to their schedules to accommodate disinfecting and cleaning.

Trustee Casey asked if there were guidelines from the Medical Officer of Health regarding steps taken if there is an outbreak on the bus. Director McDonald noted that the outbreak protocol has been received from the Ministry of Education and has been vetted by Medical Officers of Health for our area. The protocol will be shared with our community.

Trustee Casey spoke about the definition of an outbreak and questioned what the numbers are that would determine if the bus or school would be closed because of an outbreak. BILL 197, COVID-19 ECONOMIC RECOVERY ACT, 2020

Public Session

BACKGROUND:

In July 2020, the Ministry of Education announced *Ontario's Action Plan to Address Systemic Racism in Schools*. Subsequently on July 21, 2020, the *COVID-19 Economic Recovery Act, 2020* received Royal Assent. As a result, the Ministry has made regulatory and other changes that will impact schools in a number of ways.

Suspensions

Elimination of discretionary suspensions for students from Junior Kindergarten up to Grade 3, beginning September 2020. Serious offences will still be subject to mandatory suspensions.

Streaming

As of September 2021, the government will begin the process of ending Grade 9 streaming into applied and academic courses. Currently, students enrolled in applied-level courses have multiple negative outcomes and limited opportunities for post-secondary advancement.

Discrimination-Free Classroom

Evidence suggests that when schools have staff that reflect the social identities of their students, there are immediate and long-term positive impacts on student achievement. The Ministry of Education is exploring increased opportunities for boards to hire educators that reflect their classrooms.

Demographic Data

The collection of this student and staff identity data will be implemented immediately. Boards will have until the beginning of the 2023 calendar year to ensure that they are aligned with province-wide data collection efforts.

DEVELOPMENTS:

Suspensions in Junior Kindergarten to Grade 3

The introduction of *O. Reg 440/20 SUSPENSION OF ELEMENTARY SCHOOL PUPILS* removes the principal's discretion to suspend pupils in the primary division for activities listed in subsection 306(1) of the Education Act. More serious acts that constitute mandatory suspension and consideration for expulsion listed in subsection 310(1) will continue to require mandatory suspension.

Mandatory Investigation Before Mandatory Suspension

Principals are now required to conduct an investigation respecting the allegations, before imposing a mandatory suspension on a primary student under subsection 310(1). Boards will continue to include in their process of identifying the need to investigate, whether the allegations against the student were motivated by bias, prejudice or discrimination.

Suspensions for Bullying

Prior to the introduction of O. Reg 440/20, Principals had the authority to suspend primary students under 306(1) (discretionary) or under 310(1) (7.1) (mandatory). Principals can now only suspend a student under 310(1) (7.1). To suspend a student for bullying under 310, the requirement was that “the pupil has previously been suspended for engaging in bullying”. This requirement no longer applies to students in the primary division because of this new regulation. The remaining requirement, that “the pupil’s continuing presence in the school creates an unacceptable risk to the safety of another person” remains in effect for a suspension under subsection 310.

Safe and Accepting Schools Allocation (SASA)

School boards are asked to utilize a portion of the SASA to support the elimination of discretionary suspensions for students in Junior Kindergarten to Grade 3 and must report on the amount of funding used for this purpose. Funds can be used for:

- **Professional Staff Support** – Support for non-teaching staff such as social workers, child and youth workers, psychologists, and attendance counsellors.
- **Prevention and Program Support** - In addition to supporting programs for expelled students and students serving long-term suspensions, this funding can be used to support prevention and intervention activities, which may include programming for students who have engaged in inappropriate behaviour or who are at risk of suspension or expulsion.

GSN Funding for Mental Health

- School boards are expected to use at least 10% of their funds to support the mental health needs of students in Kindergarten to Grade 3 who are at risk of being suspended.

Preliminary Considerations to Guide Spending

- Designing a whole-school Human Rights approach to education that emphasizes the importance of a positive school climate.
- Fostering connection and a sense of belonging at school.
- Prevention and interventions models.
- Incorporating the voice of parents/guardians/caregivers in supporting positive student behaviour and alternatives to suspensions.
- Advancement of the use Trauma-informed practices.
- Self Regulation and behaviour management strategies incorporated into teaching strategies.
- Social-emotional instruction and learning.

RECOMMENDATION:

THAT the Committee of the Whole recommends that the Brant Haldimand Norfolk Catholic District School Board approves the COVID-19 Economic Recovery Act, 2020 Report.

REPORT TO THE BRANT HALDIMAND NORFOLK CATHOLIC DISTRICT SCHOOL BOARD

STUDENT TRUSTEE REPORT

Public Session

BACKGROUND INFORMATION:

As a result of the Coronavirus pandemic, schools everywhere were forced to retreat to remote learning. Now that things have begun to reopen, students have returned to the classroom setting. Although some students have chosen to continue with virtual learning, the majority of our board's population is participating face to face.

SCHOOL NEWS:

As of right now, this year's student senate is still being composed. However, once it is, monthly meetings will be set in motion.

At Assumption, things are running smoothly. A staggered entry plan for the first week helped introduce students to new protocols in the building. Wednesday September 16th was the first day with all grades in attendance, and it was a success.

Following signage, proper sanitation, and mask wearing has quickly become second nature. The teachers have done a great job enforcing these procedures and most students have adjusted without issue. It is the popular opinion that teachers have also been very accommodating and compassionate with students during these unprecedented times. They are conscientious of how long the school day feels having to sit in the same class and are flexible with breaks and necessary walks to get fresh air.

The Assumption College student council has decided to hold weekly meetings over Zoom; our first one was this past Tuesday. Grade 9 shirt sizes were collected to outfit all of them for the first spirit wear day. We hope to bring some sense of normalcy and fun to the school even though most events for this portion of the year have been cancelled. The Ready, Set, Go introduction course was cancelled this year, there will be no Grade 9 Colour Night, and as of right now, all dances are postponed.

RECOMMENDATION:

THAT the Brant Haldimand Norfolk Catholic District School Board receives the Student Trustee Report.
