## REPORT TO THE BRANT HALDIMAND NORFOLK CATHOLIC DISTRICT SCHOOL BOARD POLICY COMMITTEE

Prepared by: Lorrie Temple, Superintendent of Education

#### CATHOLIC FAMILY LIFE PROGRAM POLICY

Public Session

#### **BACKGROUND INFORMATION:**

In 2015, the Ontario Ministry of Education introduced an updated Ontario Curriculum, Grades 1-8: Health and Physical Education (HPE), with revisions to the Human Development and Sexual Health strand. In Catholic schools, the content about human sexuality is not delivered as part of the Health and Physical Education program, but rather is incorporated as one aspect of the Family Life Curriculum (FLE). While most content introduced in the 2015 version of the provincial HPE curriculum was already a part of FLE curriculum, additional resources were developed in 2015-16 to ensure full alignment with the curriculum requirements of the day.

#### **DEVELOPMENTS**:

Changes recently introduced to the HPE curriculum will continue to be fully addressed through the Family Life Education program in a way that is consistent with Church teachings, and our faith tradition. We teach the curriculum established by the Ministry of Education, and curriculum across all subject areas through the lens of our Catholic faith.

The revised curriculum largely restores the content put in place in 2015, with some further updates and some modest changes:

- The 2015 Curriculum had three strands (A: Active Living; B: Movement Competence: Skills, Concepts and Strategies; C: Healthy Living). Additionally, the curriculum identified "Living Skills", with a note that the skills expectations were addressed across the HPE curriculum and that they should be assessed and evaluated within the other three strands.
- The 2019 curriculum has four strands (A: Social Emotional Learning Skills; B: Active Living; C: Movement Competence: Skills, Concepts and Strategies; D: Healthy Living. "Social Emotional Learning Skills" is introduced as an additional strand, replacing "Living Skills" expectations).
- The 2019 document includes concussion education from kindergarten to grade 8
- The 2015 Curriculum Expectations in the Healthy Living Strand focused on four topics and the 2019 Curriculum added one more:
  - Healthy Eating
  - ✓ Personal Safety & Injury Prevention
  - ✓ Substance Use, Addictions & Related Behaviours
  - ✓ Human Development & Sexual Health
  - ✓ Mental Health Literacy (New 2019)

PPM 162 - The Ministry of Education has introduced an explicit expectation that school boards establish procedures to ensure that parents are informed in advance of learning expectations related to Human Development and Sexual Health, and that parents can choose to have their child or children exempted from instruction. ICE recently shared with boards, new and updated letters to share with families before all units of study in the Family Life Program.

The policy also includes Administrative Procedures for all stakeholders in the learning partnership. Recognizing that parents are the primary educators of their children in all areas of faith and morals, including sexuality, the *Fully Alive* program already includes resources supporting comprehensive communication between school and home detailing the content of the program. Parents have always had the right to remove their child from the program if they believe it is in the child's best interests, and they accept the responsibility of providing an education in sexuality at home.

#### **RECOMMENDATION:**

THAT the Policy Committee recommends that the Catholic Family Life Program Policy be vetted for stakeholder input during the public consultation period.

#### POLICY RENEWAL SCHEDULE

Public Session

#### **DEVELOPMENTS**:

As presented at the policy committee meeting of September 26, 2019 the BHNCDSB has developed a new policy renewal process which will operate on a four year cycle. Depending upon the nature of the policy or procedure, this review could prompt a comprehensive change to the policy or no changes at all. In the spirit of collaboration, and to ensure that all educational stakeholders have input to and an awareness of board policy, the review cycle will contain a feedback process whereby all stakeholders will have the ability to provide input. The schedule for renewal does not preclude the need to change the schedule if needed. From time to time there are circumstances which dictate that a particular policy review will need to be expedited and in that case the schedule will be amended to address this situation.

Included as Appendix A is the tentative schedule for the next four years:

#### **RECOMMENDATION:**

THAT the Policy Committee recommends that the Committee of the Whole refer the Policy Renewal Schedule Report to the Brant Haldimand Norfolk Catholic District School Board for receipt.
