DEFINITIONS:

ELD: English Literacy Development programs are for students whose first language is other than English or is a variety of English significantly different from that used for instruction in Ontario schools. Students in these programs are most often from countries in which their access to education has been limited, and they have had limited opportunities to develop language and literacy skills in any language. Schooling in their countries of origin has been inconsistent, disrupted, or even completely unavailable throughout the years that these children would otherwise have been in school. As a result, they arrive in Ontario schools with significant gaps in their education.

ELL: English Language Learners are students in provincially funded English language schools whose first language is a language other than English or is a variety of English that is significantly different from the variety used for instruction in Ontario's schools, and who may require focused educational supports to assist them in attaining proficiency in English. These students may be Canadian born or recently arrived from other countries. They come from diverse backgrounds and school experiences and have a wide variety of strengths and needs.

ESL: English as a Second Language programs, are for students whose first language is other than English or is a variety of English significantly different from that used for instruction in Ontario schools. Students in these programs have had educational opportunities to develop age-appropriate first language literacy skills.

OLB: Observable Language Behaviours: a continuum based on the 6-STEP framework which measures English proficiency in oral, reading, and writing. It is a classroom educator tool that helps educators track language acquisition, program for ELLs, identify next steps and inform instruction

STEP: Steps to English Proficiency: A Ministry developed and endorsed tool that is used to measure or track English proficiency and English proficiency development and progress. It informs programming considerations and educator practices.

SWIS: Settlement Worker in Schools Program, through the YMCA provides settlement support to newcomer students and their families in designated schools during the school year. Settlement workers connect with newcomer student and families, one-on-one and in group settings and provide them with important settlement related information to facilitate their adjustment in Canada.

ADMINISTRATIVE PROCEDURES:

The main body of the Administrative Procedure, this section outlines specific direction, action, and expected standards to implement the policy.

- Feel that their culture and language are valued

- Have confidence to express their opinion and know they have a voice
- Meet high expectations when they are involved in setting goals (with appropriate supports)
- Have opportunities to choose pathways that honour their strengths and interests

2.0 Registration, Reception and Orientation of English Language Learners and their Families

First impressions are important, and schools shall provide a warm welcome for all English Language Learners and their families. If initial contact from parents/guardians or registration information (i.e., paper registration package, online registration) indicate that an English Language Learner is enrolling ensure the following:

2.1 Confirm citizenship and immigration status:

- Canadian Citizens and Permanent Residents register directly at schools
- Contact Executive Assistant, Business Services to confirm citizenship and immigration status for students who are not Canadian Citizens or not Permanent Residents

2.2 Prior to first day of attendance or as soon as possible, the administrator or designate will schedule an in-school Reception and Orientation Meeting to complete or review registration package and provide reception and orientation to the school and Ontario school system involving:

- Parent(s) or guardian(s)
- Student
- Administrator
- System ESL Educator
- Guidance Counsellor
- Other School Support Staff (i.e., Student Success Teachers, SERTs)

3.0 Initial Assessment of English Language Learners

- STEP / Steps to English Proficiency OLB / Observable Language Behaviours will be used to establish the use of common language and practice regarding English language acquisition and program considerations. STEP is a six-step continuum which measures English language proficiency in oral (listening and speaking), reading and writing skills. STEP OLB tools:
 - Vary across divisions:
 - Kindergarten – K STEP Framework
 - Primary (Grades 1 to 3)
 - Junior (Grades 4 to 6)
 - Intermediate (Grades 7 to 8)
 - Senior (Grades 9 to 12)
 - Reflect the increasing literacy demands of higher grades
 - Are used for ongoing assessment of English-language acquisition and development
 - Are used to inform programming considerations for ELLs

3.1 Administrator or designate will contact the System ESL Educator as soon as possible following registration to schedule the Initial Assessment of English and Mathematics.

- For Elementary students, this should take place within the first three weeks of attendance
- For Secondary students, this should take place prior to creation of timetable and prior to first day of attendance in courses, whenever possible

3.2 System ESL Educators will assess the English language proficiency of all English Language Learners to determine initial placement on STEP continuum. The assessment procedure will include:

- A structured interview to assess oral communication skills (i.e., listening and speaking)
- An assessment of reading comprehension
- An assessment of writing
- An assessment of mathematical knowledge and skills

3.3 If initial assessment indicates that an English Language Learner has had limited prior schooling, the Board will provide additional support to the student.

3.4 If information from the student's home country, from initial assessment, or from early educator observation indicates that the student may have special education needs, the student will be referred to the appropriate school team.

3.5 Completion of the initial assessment will provide information about the support a student will need.

- System ESL Educators will consult with classroom educators to help program and provide resources.
- System ESL Educators will consult with guidance counsellors to establish a timetable that aligns with STEP level, student interests and pathway goals, and course availability and in accordance with Building an Initial Timetable for Newcomer Secondary School Students.

3.6 System ESL Educators will contact administrator or designate to enroll students in the ESL program in the Student Information System

4.0 Placement of English Language Learners

4.1 Consider the educational background of all English Language Learners in determining their placement and the number of credits that may be granted for prior learning.

- 4.2 A student's level of proficiency in English will not influence the choice of grade placement.
 - 4.3 In elementary schools, English Language Learners will be placed with an age-appropriate group.
 - 4.4 In secondary schools, placement in a grade or in specific subjects will depend upon the student's prior education, background in specific subject areas, and aspirations.
 - 4.5 Final decisions regarding placement are made by the administrator in consultation with the student, staff, parents/guardians. The administrator will communicate the placement decision, and the rationale for the placement, to the student and parents/guardians.
- 5.0 Programming for English Language Learners**
- 5.1 School boards will implement programs and services that will enable English Language Learners to continue their education while learning English.
 - 5.2 In elementary schools, classroom educators will support English language acquisition across the curriculum.
 - 5.3 In secondary schools, content area educators will support English language acquisition as well as curriculum expectations for the course.
 - 5.4 (ESL) English as a Second Language Programs are for students whose first language is other than English or is a variety of English significantly different from that used for instruction in Ontario schools.
 - 5.5 (ELD) English Literacy Development Programs are for students in grades 3 to 12 who have had limited opportunities to develop language and literacy skills and/or access to education has been limited.
 - 5.6 English Language Learners will receive program support depending on the student's STEP level and available resources.
 - 5.7 Support models may include one or more of the following:
 - Monitoring/consultation support
 - In class support
 - Withdrawal support when available and appropriate
 - 5.8 English Language Learners at different stages of learning English and/or developing literacy in English will need program adaptations in order to be successful. Appropriate adaptations include:
 - Modified expectations (e.g., modification of some or all of the course expectations, especially for students in the early stages of learning English or those who require ELD support). Note: When learning expectations are modified, this must be clearly indicated on the student's report card. (Section 8.0).
 - A variety of accommodations related to instructional strategies (e.g., extensive use of visual cues, graphic organizers, peer tutoring; strategic use of students' first languages).
 - A variety of learning resources (e.g., use of visual materials, simplified texts, and bilingual dictionaries).
 - Accommodations related to assessment strategies (section 8.0).
- 6.0 Graduation Requirements for English Language Learners**
- 6.1 A student entering the Ontario secondary school system at any grade level may count a maximum of 3 ESL or ELD credits as compulsory English credits. (Four compulsory English credits are required for graduation.)
 - 6.2 The remaining compulsory English credits will be earned at the grade 12 level.
 - 6.3 The Ontario Secondary School Literacy Course (OSSLC) is a full-credit course that fulfills the Literacy requirement for graduation and can be counted as the compulsory English credit in either Grade 11 or grade 12.

7.0 Substitutions for Compulsory Courses

7.1 The Administrator has the discretion to make substitutions for a maximum of 3 compulsory courses at the secondary level to address the specific needs of English Language Learners

8.0 Ongoing Assessment, Evaluation, and Reporting

8.1 STEP / Steps to English Proficiency OLB / Observable Language Behaviours will be used by teachers to:

- Track English language acquisition
- Program for ELLs
- Identify next steps
- Inform instruction
- Determine appropriate accommodations
- Determine appropriate resources
- Identify the need for modifications on a case-by-case basis

8.2 The information on student achievement gathered through assessment and evaluation should be communicated to students and parents/guardians at regular intervals and in a variety of informal and formal ways, using a language that the parent/guardian is comfortable with whenever possible.

8.3 Educators will check the ESL/ELD box on the elementary progress report card and the provincial report cards to indicate that *modifications have been made to curriculum expectations* to address the language learning needs of English Language Learners.

8.4 When curriculum expectations are modified in order to meet the language-learning needs of English Language Learners, assessment and evaluation will be based on the documented modified expectations. Educators, in collaboration with their administrators, will determine the most effective way to document the modification of curriculum expectations for English Language Learners.

8.5 The ESL/ELD box will *not* be checked to indicate:

- That the student is participating in ESL or ELD programs or courses.
- That accommodations have been provided to enable the student to demonstrate his or her learning. Such accommodations may include, for example, extra time to complete assignments, access to a bilingual dictionary, opportunities to work in the student's first language.

9.0 Identification and Involvement of English Language Learners in Large-Scale Assessments

9.1 English Language Learners should participate in the grade 3 and grade 6 provincial assessments in reading, writing, and mathematics, and in the Grade 9 provincial assessment in mathematics, when they have acquired the level of proficiency in English required for success.

9.2 Decisions about exemptions or deferrals will be made according to the requirements articulated in the EQAO administration guide.

9.3 English Language Learners should take the Ontario Secondary School Literacy Test when they have acquired the level of proficiency in English required for success.

9.4 For more detailed information refer to the current EQAO administration guides (www.eqao.com).

10.0 Discontinuation of ESL/ELD Support

10.1 English Language Learners should receive ESL/ELD program support until they have acquired the level of proficiency required to learn effectively in English with no ESL/ELD support.

10.2 The decision to discontinue ESL/ELD support is made by the administrator in consultation with the student, the parents/guardians, and ESL/ELD and classroom educators. (This is decided on a case-by-case basis with reference to STEP)

10.3 An English Language Learner will remain enrolled in the ESL program, and identified as such in the student information system, until the decision has been made to discontinue ESL support.
