NOVEMBER

From the Desk of Social Work

Nov. 1-7 Treaties Recognition Week

Did you know that we are all Treaty People?
The BHNCDSB is located within two Treaty areas:

Two Row Wampum

Three rows of white beads symbolize peace, friendship, and respect.
Two purple rows symbolize two paths or two vessels travelling down the same river. One row symbolizes the Haudenosaunne people with their laws and customs, while the other row symbolizes European laws and customs.

One Dish One Spoon Treaty

Those who enter the treaty agree to be peaceful co-stewards of the land and waters they share by:
Only taking what you need from the dish
Always leave something in the dish for other people (future generations)
Keep the dish (the natural environment) clean

Nov. 11 - Remembrance Day

As we recognize Remembrance Day on November 11, we acknowledge that this day can hold different meanings and emotions for different people. Discussions and images related to war, conflict, loss, and remembrance may bring forward difficult feelings or memories. We encourage members of our school community to care for themselves, offer compassion to one another, and seek support when needed.

Nov. 15-21 Bullying Awareness & Prevention Week

Within our school community we promote a safe, inclusive and positive learning environment. We focus on healthy relationships, cyber safety, inclusion and we stand up against bullying.

BHNCDSB speak up reporting tool: submit anonymous reports that go directly to school principal for investigation
